## Experience

### Software Engineer

*Nuclear Engineering Center*

**Tbilisi, Georgia**

*2022 - present*

- Worked extensively on Three.js, troubleshooting and resolving errors and bugs to ensure the smooth functionality of Three.js applications.
  - Collaborated with a team to meet project deadlines and successfully delivered tasks within specified timelines.
  - Utilized problem-solving skills to find efficient and effective solutions for complex issues.
  - Developed expertise in working on Linux operating systems, leveraging its capabilities for development tasks.
  - Currently engaged in the development of an Augmented Reality (AR) application, applying technical skills and creativity to create immersive AR experience.
- 

## Skills

Front-end libraries and frameworks | Backend development technologies :

**JavaScript | React | Redux | PHP | MySql | Git | Jest | Linux | Docker | Nginx**

For website designing: **Html | Css | Sass | TailwindCss | Bootstrap | A-Frame | Three.js**

---

## Projects

**Personal Portfolio** - Built with only markups and presents a collection of my projects to gain insights into my capabilities.

**Tip Calculator** - Implemented entirely with pure JavaScript. By leveraging JavaScript's logic and mathematical operations it's a convenient tool for calculating tips in various scenarios.

**Meme Generator** - Developed using React, my meme generator application empowers users to create personalized memes. By integrating React's dynamic rendering capabilities, it allows users to generate random pictures from the data, then add customized text on both the top and bottom sides of the selected images.

**Cafe Menu** - Utilizing React, I have developed an interactive cafe menu that offers a simple browsing experience. With the built-in category filtering feature, users can easily navigate through different sections, such as breakfast, lunch and etc.

**Form Validation** - Developed using React, inputs are being validated in real-time. The system provides immediate feedback on the validity of the entered data.

---

## Education

### Bachelor's Degree in Business Management

*Georgian National University*

**Tbilisi, Georgia**

*2015 - 2019*

---

## Languages

**English, Georgian** - professional proficiency
